

# Learning Management System

SolutionsServices

## Detailed Tracking Solution

The SOS Intl Learning Management System (LMS) is a detailed tracking solution to help you organize and document your training progress. All credits are integrated and automatically reported to NERC SOCCED using your NERC certification number. The LMS is included in any purchase of training from SOS.

The LMS tracks:

- CE Hours earned by students
- EO Hours earned by students
- SIM Credits (for CEH credential maintenance requirement)
- STD Credits (for CEH credential maintenance requirement)
- Training time logged
- Student test scores
- Certificates earned by each student (printable)

## Individual Tracking

Individual tracking through the LMS includes:

- Downloading data to an Excel or Word file to report or share as needed
- Access to individual student records through My Recently Completed Training and Credential Maintenance reports
- Automatic reporting of CE Hours to NERC

## Administrative Tracking

The SOS LMS makes it easy for administrators to track training through:

- 24/7 log on to track the progress of every student
- Reports available for managers to track training
- Initial training session to help managers navigate the LMS
- Student activity reports that track:
  - All CE Hours earned by the company
  - Individual downloadable student certificates
  - Student log on times, activity, and test scores
  - Test analysis report to evaluate student strengths and weaknesses
  - Student three-year credential maintenance window including CE, EO, SIM and Standard hours
