

NERC System Operator Certification Exam Announcement

December 22, 2016

The NERC System Operator Certification Program is publishing a new version of the NERC System Operator Certification Exams. New exams will begin on February 13, 2017 at all PSI test centers. The new exams will include exam questions based on updated content outlines and the most current NERC Reliability Standards as applicable.

The cut scores, as of February 13, 2017, are:

Examination Content Outline	Total Scored Questions	Cut Score
Reliability Coordinator	120	89
Transmission Operator	100	74
Balancing, Interchange, and Transmission Operator	120	89
Balancing and Interchange Operator	100	74

New content outlines are available on the System Operator Certification program website. Please review the outlines dated for exams as of February 13, 2017.
